Website   All details and much more available at https://www.trendmicro.com/internet-safety/eventsie

Our Goal   To empower parent's online, offering practical advice, take-home information, as well as online resources. Parents are very welcome to participate in a Q&A session during this webinar.

Today's youth explore the internet and new technologies now more than ever before. That's why Trend Micro is passionate about promoting and encouraging its benefits, possibilities, and most importantly, its safe use.

About Trend Micro's Internet Safety for Kids and Families Program (ISKF) Since 2008, Trend Micro's global ISKF has reached more than 2.9 million parents, educators, and youth worldwide. ISKF, a global initiative fully funded by Trend Micro and through its employee volunteer program, has delivered free internet safety sessions to more than 10,000 schools. reaching students, parents, and educators everywhere. Trend Micro's international strategic partnerships aim to empower youth, delivering educational programs where they're needed most. This includes a robust series of online programs and Top Tips for every age. For information about Trend Micro's Cyber Academy and much more, visit: https://www.trendmicro.com/internet-safety/
