## **Hosting a student**

Please note that the most straight forward mobility to arrange is a reciprocal one. (Irish students travel and host exchange students for the same length of time). However, inability to host does not automatically rule out students. Pupils who cannot host, for example if this would cause undue financial pressure/ lack of available space in home or other reasons e.g. illness in family, specific educational needs of students etc., are invited to chat with the Erasmus coordinator in confidence. We endeavour to uphold the common quality standards of Erasmus which include the basic principles of inclusion and diversity in the programme and try to facilitate mobilities where possible.

**CAN YOU COMMIT TO HOSTING A RETURN STUDENT**      Yes       no

If a mobility/exchange is offered, you will be sent a link for payment via the school App. **This programme respects the principles of inclusion and resources are available to ensure participation of participants with fewer opportunities. Please let us know if you need further information.**

**Have you any worries or concerns about your child participating in Erasmus ?**

## STUDENT MOTIVATION

It is important that students are personally motivated and interested in participating in Erasmus. Parents should not apply for students without student commitment and students should be willing to travel, even if not travelling with a friend group. This is your space to convince us YOU want to do this !!!

Erasmus objectives are to promote lifelong learning, encourage European exchanges, cooperation and learning. The programme encourages development of digital skills / language skills/cultural awareness/ inclusion & diversity/environmental awareness and climate action/ democratic participation.

Why do you want to take part in the Erasmus project ?

What personal goals do you have for your Erasmus experience?

As part of the programme you will be required to complete certain tasks or activities outlined in a learning agreement. Are you willing to commit to completing these and participate in some activities to prepare you for your mobility? These could include things like language lessons/ creating multimedia presentations/ sharing your experience with others/ becoming an Erasmus ambassador/ leading activities in Ireland. How will you get involved / ensure the project is rewarding and YOUR personal/ Erasmus objectives fulfilled?

## **CODE OF BEHAVIOUR**

Participating in Erasmus mobilities requires students to follow rules both in Ireland in their host family/school/country even if they are different to rules in your own home/school/country.

### **BEHAVIOUR RULES**

1. It is mandatory to attend the school/scheduled activities while on mobility and selected activities while hosting.
2. It is strictly forbidden to smoke, vape, abuse alcohol and use drugs while on mobilities or while hosting.
3. It is not allowed to drive any motorized vehicle.
4. Behavior must be responsible .
5. Attend class punctually and follow the established schedule.
6. Students attend class with corresponding/required school materials.
7. Students will interact with the teaching team/accompanying staff/other students/host families etc. responsibly.
8. Students must adapt to the standards/rules of school while on mobility.
9. Photos and work completed will be used as evidence of Erasmus mobilities and for dissemination of information about Erasmus+.

**I have read the behavior rules for the Erasmus+ Programme and agree to abide by these rules.**
